Daejeon Children Tourism

Daejeon Metropolitan City Museum
The Daejeon Metropolitan City Museum gives a glimpse of the history and culture of the city of Daejeon. It holds donated or commissioned precious artifacts unearthed in ruins through cultural properties excavations, helping visitors easily learn about the colorful history of Daejeon from the prehistoric era to the Joseon Dynasty.

National Science Museum
With free basic entrance fee, the National Science Museum houses the Science and Technology Museum as its main hall and many other exhibition rooms. The Paid Experience Science Hall also fuels curiosity about science for children through a variety of experiences, making it easier for them to explore and enjoy science.

Daejeon Solomon Law Park
This is Korea's first law education-themed park operated by the Ministry of Justice, where children and youth as well as the public can learn and experience the law with ease and fun. Through various legal training programs, visitors can naturally learn about how to be good democratic citizens.

Daejeon Traffic Culture Institute
Following a dream of traveling requires engaging in "experiences of things." The Daejeon Traffic Culture Institute takes charge of traffic safety education and offers a variety of experience programs using real vehicles and simulation equipment.

Daejeon Children Center
The Daejeon Children Center is a place where children can learn, experience, and grow their dreams while playing. The main facility, "Experience Zone," is a must-visit course designed to help children experience a variety of jobs that they see every day.
