
Session Title: [FA3] Future Technologies For Optical Internet

Date: August 29, 2014 (Fri.)

Time: 12:45-14:15

Room Room A

FA3-1

12:45-13:45

[Tutorial] Swarm Intelligence: Fundamental Principles and Optimization Approaches

Zhongshan Zhang (University of Science and Technology Beijing, China)

FA3-2

13:45-14:15

[Invited] Flexible and Robust Optical Network Technologies for SDN and Network Virtualization

Takafumi Tanaka (NTT, Japan)
